

KLS-ONLINE-EVENT via Zoom:

Young Investigators in Kiel Life Science (KLS)

K I E L
L I F E
S C I E
N C E •

- 14:00 - 14:15 h **Opening Address**
Thomas Bosch, Spokesperson KLS
- 14:15 - 15:00 h **Keynote Lecture**
Silvia Moriano Gutierrez, University of Hawai'i at Mānoa, Hawaii, USA
The RNA signature of local and systemic interactions between partners
- 15:00 - 15:10 h **KLS-Postdoc Award Winners 2020:**
Elisa Rosati, Institute of Clinical Molecular Biology, CAU
The analysis of the T-cell receptor repertoire in Inflammatory Bowel Diseases
- 15:10 - 15:20 h Sascha Rahn, Institute of Biochemistry, CAU
The role of the metalloproteinases meprin α and meprin β in skin homeostasis and pathology
- 15:20 - 15:30 h João Botelho, Department of Evolutionary Ecology and Genetics, CAU
Crossroads of mobile genetic elements and antibiotic resistance
- 15:30 - 15:40 h Malte Rühlemann, Institute of Clinical Molecular Biology, CAU
Host-microbiota interactions: Insights from human genetics and primate evolution
- 15:40 - 15:45 h **Closing Remarks**
Thomas Bosch, Spokesperson KLS

Tuesday, 26th January 2021

Link to Zoom-Webinar available [here](#) on January 26th, 2021
